

THE AVERAGE
DEER WEIGHS 80 KG.
A ONE KG DONATION
PROVIDES 8 SERVINGS
OF PROTEIN FOR
A HUNGRY FAMILY.

40,000 Nova Scotians face the realities of hunger each month. Through a joint initiative of FEED NOVA SCOTIA and the hunting community, hunters can make a difference.

As a hunter, it's easy to help!

- 1) Contact a participating licensed meat cutter. See list below.
- 2) Tell the meat cutter how much you wish to donate.
- 3) Fill out a label for each kilogram donated – record the wildlife resource card number on the label.
- 4) FEED NOVA SCOTIA picks up the donated meat during routine rounds across the province.

Important: Hunters must register their deer before donating. There is no donation minimum.

Licensed meat cutters for 2010:
