

## MARCO

### “Clawing Away at Hunger”

With Nova Scotia holding the world record for the largest caught lobster, this crustacean represents one of our proudest industries. With limited availability/supply of canned lobsters, our next immediate choice in cans was in keeping with the seafood theme, which was tuna cans. The cans predominantly came from Clover Leaf. Their broad range of colours in the same can size allowed for the image to be assembled.

Team: Brad Nash, Captain  
Zavin Graham  
Chuck Ryan  
Chris Silliker  
Brad White

Additional team members: Amanda Alfaro Sanabria, David Moore, Moran Olsha, John White, and Christopher Williams.

Special thank you to the Portland Street Atlantic Superstore.
