

St. F.X. University - The True CANadians “Shelter from the Storm”

Just as walls and a dome shelter the interior of an igloo, our design is aimed to shelter those in need of hunger relief. We have chosen to construct an Arctic scene with the igloo representing shelter from the harsh elements that are associated with hunger, such as stigma and ridicule. Our design will provide support for those in need, building a strong community one can at a time!

Team: Ashlee Wheaton, Captain
Jeff Miles
Cody Golan
Lauren Boudreau
Simon Pellerin

Other Team Members: Corey MacNamara, Zach Mawhinney, Kathryn Smith, Daniel MacRae, Caitlin Pedigrew, Tristan Martel, and Michael Scarth

Special thanks to our sponsors: Nova Construction, Engineers Nova Scotia, and St. F.X. University
