

## **Marco | Fowler Bauld & Mitchell Ltd. “Recipes Around the World”**

Our submission intends to celebrate Canada’s 150th birthday by portraying diversity as a mosaic. A strong facial expression will be displayed to showcase the strength in Canada’s diverse roots. Each can used will contribute to a recipe that highlights five international cuisines, as one in five Canadians were born elsewhere. The hope is that this installation contributes to the positive dialogue surrounding the inclusive nature of Canadians.
