### Volunteer Quotes

"Volunteering with Feed NS feels more to me than just volunteer work, it's on the top of my list with my regular, paid job and I value it just as much!"

"Interacting with the staff and other volunteers is a pleasure. The commitment, belief and work that all connected to Feed NS does is a necessity for many. I recall speaking with a user of the service who identified that the phone call I made relaying that support would be provided was a blessing. It was heartwarming to know that there was a large team of people making a difference in the lives of others. I continue to strive to live life the way my parents and grandparents taught me and volunteering with Feed NS is one of the ways I'm able to do this. I feel truly blessed and inspired!"
